DECLARATION OF AI-ASSISTED CONTENT

Project: SEN381 CivicConnect Project

Branch Name: test-request-factory-and-ci-workflow

Student Name: Karabo Masoka

Student Number: 601644

I, the undersigned, hereby declare that **AI-generated content has been used in the contents of the branch identified above**, in accordance with the applicable project and university requirements.

The AI-generated content used in this branch is identified and documented under **AI Register Item No. 24**, which has been peer-reviewed and approved in accordance with the applicable project procedures.

I further declare that any AI-generated content incorporated into this branch has been used only to the extent permitted by the project and university requirements, and that I remain responsible for the accuracy, suitability, originality, and academic integrity of the submitted work.

I acknowledge that the use of AI does not transfer responsibility for the resulting work to the AI system, and that I remain accountable for the content submitted under my name.

I understand that providing a false or misleading declaration, including misrepresenting the use or approval of AI-generated content, may constitute a breach of the applicable university rules, policies, or academic-integrity requirements.

☒ I confirm that I have read and understood this declaration and that the information provided above is true and accurate to the best of my knowledge.
